Songs for Film/TV**

Additional Information

MasterWerkz.com

MasterWerkz is a Chicago based music publisher that creates music for Film & TV. We are looking to hire several college age singers to record vocals on our Film/TV song demos. Prior studio experience is required, and the ability to quickly hear and record background vocal harmonies. The singers need a strong, contemporary street vibe, accurate pitch, the ability to quickly change up the color and emotional texture of their voice to match the song.
